

# UNIVERSAL LUBRICATION KITS

For standard wheel loaders  
& excavators

From a fleet of construction machines to owner operators, maintenance is critical. JSG Industrial Systems can assist with providing central lubrication systems and kits that will optimise performance and reliability, increase productivity and reduce downtime.

We have designed a series of kits that suit most standard wheel loaders & excavators makes and models. The simplistic layouts ensure that each point on the machine receives the required grease volume to each lubrication point.

# AUTOMATIC LUBRICATION SYSTEM

## Universal kits for standard wheel loaders and excavators :

SKF Lubrication  
Systems Distributor  
JSG Industrial Systems

A series of universal kits available for standard construction machines. The universal kits offer a choice of a SKF or Lincoln designed pump, remote or on-board control unit and a complete range of SKF Lincoln fittings. Follow these three simple steps to select your machine, system, and complete kit, ensuring a customised solution.

**STEP 1**  
Select your machine

1

STANDARD EXCAVATORS

Suitable for excavators with 17 to 22 grease points

2

WHEEL LOADERS SINGLE Z LINK

Suitable for wheel loaders single Z link 21 to 22 grease points

3

WHEEL LOADERS DOUBLE Z LINK

Suitable for wheel loaders double Z link 27 grease points

**STEP 2**  
Choose the system

LINCOLN SYSTEM

A

SKF SYSTEM

B

LINCOLN BASIC SYSTEM

C

**STEP 3**  
Choose the complete kit

	KIT	MACHINE	PUMP	CONTROLLER	RESERVOIR
<b>LINCOLN Fully Monitored Kit (A)</b>	Monitored	1	Lincoln P203	A2 Controller	4 kg
	Monitored	1	Lincoln P203	A2 Controller	8 kg
	Monitored	2	Lincoln P203	A2 Controller	4 kg
	Monitored	2	Lincoln P203	A2 Controller	8 kg
	Monitored	3	Lincoln P203	A2 Controller	4 kg
	Monitored	3	Lincoln P203	A2 Controller	8 kg
<b>SKF Fully Monitored Kit (B)</b>	Monitored	1	SKF KPG	A2 Controller	6 kg
	Monitored	1	SKF KPG	A2 Controller	10 kg
	Monitored	2	SKF KPG	A2 Controller	6 kg
	Monitored	2	SKF KPG	A2 Controller	10 kg
	Monitored	3	SKF KPG	A2 Controller	6 kg
	Monitored	3	SKF KPG	A2 Controller	10 kg
<b>LINCOLN Basic Kit (C)</b>	Basic	1	Lincoln P203	On-board controller	4 kg
	Basic	1	Lincoln P203	On-board controller	8 kg
	Basic	2	Lincoln P203	On-board controller	4 kg
	Basic	2	Lincoln P203	On-board controller	8 kg
	Basic	3	Lincoln P203	On-board controller	4 kg
	Basic	3	Lincoln P203	On-board controller	8 kg
